

## Gulf Pride 2T 2-Stroke Motorcycle Oil

### Product Description

**Gulf Pride 2T** is a high quality lubricant suitable for use in air cooled 2-stroke gasoline engines deployed in variety of applications. It is blended from high quality base stocks and fortified with carefully selected additives to provide engine protection and cleanliness in 2-stroke engines. The product meets the international specifications of API TC and JASO FB.

### Features & Benefits

- Excellent lubricity protects against piston scuffing and premature wear of engine components
- Proven additive technology controls engine and exhaust system deposits
- Low ash formula prevents pre-ignition and spark plug fouling
- Easy miscibility with gasoline ensures stable homogeneous mixture even at low ambient temperatures

### Applications

- Recommended for 2-stroke motorcycles and scooters requiring API TC and JASO FB quality oil
- Suitable for both oil-injection and premix lubrication systems; follow manufacturer's recommendation for oil to fuel ratio
- Also recommended for 2-stroke engines in other applications requiring this quality oil

### Specifications & Typical Properties

Meets the following Specifications		
API TC		
JASO FB		
Typical Properties		
Test Parameters	ASTM Method	Typical Values
Viscosity @ 100 °C, cSt	D 445	9.15
Flash Point, °C	D 93	78
Pour Point, °C	D 97	-9
TBN, mg KOH/g	D 2896	0.80
Density @ 15°C, Kg/l	D 1298	0.875
Sulphated Ash, %wt	D 874	0.09

Properties mentioned above are typical only and minor variations, which do not affect the product performances, are to be expected in normal manufacturing. The above information is based on past history of the grade only and must not be construed as a guarantee of performance. Follow equipment manufacturer's recommendations for performance level and viscosity grade. The Material Safety Data Sheet for this product is available from your nearest Gulf Distributor.
